NEWS OF TWO STATES

Northern Pacific's Branch From
Seattle to Be Rushed.

BRUTAL MURDER AT COLVILLE

Gay Young Seattle Doctor Gets \$4000
by Forgery and Disappears.

TACOMA THIEVES' NEST RAIDED

Two Wagonsload of Petty Goods Raided—Five of
the Gang in Jail—Heads of Contraband
vary With the Astorians.

TAUON, Jan. 23.—Special Telegraph.—H.
S. Huson, principal assistant engineer of the
Northern Pacific, went to Seattle to-day, accom-
panied by Superintendent Horner, to take the
first steps towards the construction of the line to
the International Boundary, as announced in
today's Oregonian. Mr. Huson received
telegraphic instructions from Chief Engineer
Koedrich to go to work immediately laying out
the line, which will run from Seattle or from some
point on the Puget Sound Shore road, recently ac-
quired by the Northern Pacific, northwest to the
International boundary, with branches to Bellings-
ham Bay and Ship Harbor. The length of the
line from Seattle to the boundary is about 120
miles, according to the survey, the length of
the branches cannot be given until the main line
is located.

Mr. Huson will probably start an engineering
party out not later than Monday. An important
problem in connection with the line is the starting
point; that is, whether it is practical to start
directly northward and go between the Sound
and Lake Washington, or whether it will be more
convenient to start from the shore of the
Black River, between Black River Junction and run
northerly on the east side of Lake Washington. If the latter
plan is adopted the city of Seattle will be left on
a branch, a situation that would be anything but
agreeable to the people of that city. Whichever
route may be chosen, the new line will be pushed
forward with all the energy possible, and the full
exigencies of the Northern Pacific make it a sure
thing that the road will be built this season.

MURDER AT COLVILLE

A Drunken Man Deliberately Shoots

Wife.

SPRING FALLS, Jan. 23.—Special Telegraph.—
News reached the city to-day from Colville to the
effect that William Holtzman, a drunken carpen-
ter, shot and killed James B. Oglesby, a colored
waiter, yesterday. Oglesby tried to cheat Holtz-
man out of 50 cents in making change. The latter
left the restaurant and returned in a few minutes
with a rifle, which he just no time in using.
The murderer was arrested.

SWINDLED HIS FRIENDS.

Young Seattle Doctor Gets \$4000 by For-
gery and Disappears.

SEATTLE, Jan. 23.—Special Telegraph.—J. P.
Guthrie, a young physician who received consider-
able notoriety recently through a pool game
with Captain Malibay at the Rainier hotel, has dis-
appeared from the city. His disappearance
is due to the fact of several swindles
which he has committed, and which he has
admitted to his friends in this hotel. He
is reported to have left his friends in this hotel
yesterday, having sold his practice to a Dr. John
H. Johnson, and to have his debts paid off.
It was said that he had \$10,000 in his pockets
when he left, and that he had \$5,000 in his
pocket when he was last seen.

He was last seen here on Tuesday, and until to-
night, when a dispatch was received from him at
Astoria, Oregon, he had not been heard from.

He is reported to have been in the service of the
Astoria police, and to have been a member of the
Astoria police force.

The Oregonian.

PORTLAND, FRIDAY, JAN. 24.

OREGONIAN

John Nichols who lives in Polk county south of Dallas, has captured his fortissimo at the theater. He is now 85 years of age, and few younger men exceed him in marks and the courage of the human voice.

There is a deadlock in The Dallas city council on the choice of a councilman to fill the vacancy caused by the death of Mr. Watson. The cause for this seems to hinge on one point; that of opening Court Street through to the Independence road.

A coal prospector says that coal can be found within the miles of the coastline in Astoria, and that for a money consideration he will guarantee to locate the mine. It would pay to secure the information, for if good coal could be found so close, it would be worth my thousand dollars to the city.

UNION PACIFIC SOUND BRANCH.

The Surveyors Working Near Chehalis—A Change of Courts Decided Upon.

CHIYAH, Jan. 24.—Special Correspondence.—The Union Pacific surveyors moved their camp yesterday to the Nez Perce prairie, and the miles south of Chehalis. They expect to remain there for a week or two. The surveyors have been engaged in the construction of the new route, and it is expected to be completed by the 1st of March. The mill is located on Deep creek, a tributary of the Nez Perce river. It will have about fifty horse power, and will run on the new route. The new route, and its factors, are the demands of the economy and necessity. The country appears to be a propitious condition, and I am considerably this year in membership.

The Ocoee I view says. It is no longer safe to depend on the range feed for winter, and also that stock, especially sheep, must run in smaller bands to be profitable.

The past three or four seasons have been unusually dry, which has kept the natural grass on the range from growing to its full height and from winter pasture, but it is also true that the bunchgrass has been cut out and is no longer safe to depend on for winter feed.

On account of the want of grass, we may expect an economic mill winter pasture will be available for the winter without any trouble. But the stockman must learn to take care of his stock, and to make preparations for the winter when stock must be fed, and must be prepared for the winter.

FOLK COUNTRY NOTES.

The Growth of Dallas—Enterprises New and Old—Folk Notes—Folk Correspondence—Dallas Jan. 24.—Special Correspondence—Folk presents indications it is likely that Dallas will experience quite a growth during the year.

Last year it was unprecedent in his affairs, and made him the leading citizen of the county. The coming year will see vast improvements.

The Albany and Astoria road will touch all of the new enterprises, and a road through the timber will be opened Monday last, but everything is now here, and the citizens will occur Monday the 27th.

ASTOR ADDITION.

Three days, only quarter block of Seventh st. Bellingham, \$2,000.00. Address J. H. Miller, 108-110 Bellingham.

FOR SALE.

Two stores, house and lot \$10,000.00. Address W. H. Smith & Co. No. 4 Stark st.

POWELL'S ADDITION

To East Astoria for sale by W. H. Smith & Co.

GORDON PRESS FEEDER

Wanted at Schubel Bros. printers east front and Washington.

ASTOR ADDITION.

A few more choice lots left from \$600 to \$1500. Inquire J. W. & Co. No. 2 Stark st. Portland.

FOR SALE.

Quarter block in Hillside addition, well located \$7000 cash. Address W. H. Smith & Co.

MUST SELL.

ASTOR ADDITION.

A few more choice lots left from \$600 to \$1500. Inquire J. W. & Co. No. 2 Stark st. Portland.

FOLK COUNTRY NOTES.

At Alto John Sawyer, who suffered from aortal stroke, became a raving maniac several years ago while handling a shotgun in the arms of his mother. She became frantic and succumbed. The husband has since then had two violent attacks of insanity. He is being treated at Dayton.

One time ago a proposition was broached to form a new county out of Pierce and Washington. As the capital city was already a city, and the coal mines were already in operation in the district, and it has some of the finest regions of timber in the West, the coal mines are being developed, and the town is rich in coal yet undeveloped.

A gentleman wrote to the Tacoma Ledger that the road and trail to the Columbia is the extremely long and deserted one, and the article in the Ledger would indicate between the Yelm and the Mifflin river, about twenty-five miles, there are quite a number of ranches and between the Mifflin and Succotash valleys, about sixteen miles, there are intervals along the trail at least five inhabited houses. He does not put the supposed triple rate of Charles Abraham, and thinks that the road is now at the rate of a dollar a mile.

The Tacoma News is quite nice to the interests of that city when it says. Because the city council has made an irreparable mistake in the matter of railway franchises.

For no reason why it should make another come should get the benefit of a railroad line.

And Tacoma taxpayers should insist upon a written agreement as to the character of the road, the equipment, etc., and those for the franchise should, in case their petition is granted, be required to give bond for the speedy completion and operation of the lines.

The late private secretary to Senator and Representative Wilson, has agreed to Spokane Falls from the original town that absolute harmony must prevail the delegation. This verdant young man thinks that every man in the North is a fool, or is making a strong pull for a honest himself. The differences that have cropped up between the delegation have been wired all over the country. Thus of harmony, however, may be concluding those aspiring politicians in the new state for weary months have remained on the rugged outposts of power and who are doing upon politicians' promises.

GROWTH OF BOISE CITY.

PROPERTY THAT HAS COME TO IT AND THE Bounding Country The Post-News, Boise City, Idaho, Jan. 15.—Special Correspondence.—The fourth annual meeting of the Boise City Board of Trade was not attended. The meeting decided to postpone the election of directors until the town had been thoroughly canvassed to ascertain their membership, and each individual personally notified to be present and participate in an adjourned meeting on Jan. 28. The reports showed that the town enjoyed a solid growth during the past year, while the average value was increased.

The general value in 1888 was 10 cent on the then number of buildings in the town, the gain of 1889 over number at the close of 1888 was nearly 9 cent.

This gain had been made with the corresponding growth in other portions of southern Idaho, and was not based upon the results, pure and simple, of the town's growth and development under the management of the directors of the Board of Trade, and cost the people about \$2500 in 1889 and \$3000 in 1890. It has caused the expenditure of \$3000 in improvements in property values, resulting in much more.

There is scarcely any good that does not an evil in its train. These two years moderate and fully justifiable growth has caused an inflation of values or rather a rise in property values in the towns. This town is little more than a great property, and the property at an advance of 10 per cent on the price of two years ago. Nine of the property owners decline to sell, and the property is centrally located and well situated, and the market is making to that the rates of the town are the growth that they desire and expect the adjoining counties are anxious to know that they are to be had.

There is a large number of new buildings in the town, and the town is rapidly improving for still larger development.

Meanwhile the unpreceded snow has prepared the way for a resumption

of clear running on the largest scale in the early spring.

To the south of us, Owyhee county is also anticipating solid prosperity. The De La Mar mining district is producing gold in quantities that remind one of the early days of that country. One hundred million dollars are annually drawn from the De La Mar hills. Two railroads have had prospecting engineers carefully examining the physical condition of the country, with a view to regular surveys in the spring. A bridge over the Columbia river which connects with the railroads will be built to Silver City. A line which shall make the most direct course from Idaho City through Boise to Silver City—a due south east and north road of ninety miles—will connect the two railroads with the railroads, thus giving grain and stock ranges, with the markets, fruits and vegetables of Boise valley, it will move more freight and pay better profit than any other route miles on the continent, and it will create wealth by ten million dollars to the city.

A coal prospector says that coal can be found within the miles of the coastline in Astoria, and that for a money consideration he will guarantee to locate the mine. It would pay to secure the information, for if good coal could be found so close, it would be worth my thousand dollars to the city.

Work is being built in The Dallas city council on the choice of a councilman to fill the vacancy caused by the death of Mr. Watson. The cause for this seems to hinge on one point; that of opening Court Street through to the Independence road.

A coal prospector says that coal can be

MEDICAL QUALIFICATIONS

The State Board Legislate Against Interests and Physicians.

PORTLAND, Jan. 24.—In the Oregonian, Dr. H. H. Hildebrand, a medical man, is re- cented a bill introduced in the Washington legislature which requires certain conditions and a certificate of qualifications before to practice medicine to be fulfilled or obtained by one or more of the following: (1) to pass an examination given by the state board of medical examiners; (2) to pass an examination given by the state board of medical examiners; (3) to pass an examination given by the state board of medical examiners; (4) to pass an examination given by the state board of medical examiners; (5) to pass an examination given by the state board of medical examiners; (6) to pass an examination given by the state board of medical examiners; (7) to pass an examination given by the state board of medical examiners; (8) to pass an examination given by the state board of medical examiners; (9) to pass an examination given by the state board of medical examiners; (10) to pass an examination given by the state board of medical examiners; (11) to pass an examination given by the state board of medical examiners; (12) to pass an examination given by the state board of medical examiners; (13) to pass an examination given by the state board of medical examiners; (14) to pass an examination given by the state board of medical examiners; (15) to pass an examination given by the state board of medical examiners; (16) to pass an examination given by the state board of medical examiners; (17) to pass an examination given by the state board of medical examiners; (18) to pass an examination given by the state board of medical examiners; (19) to pass an examination given by the state board of medical examiners; (20) to pass an examination given by the state board of medical examiners; (21) to pass an examination given by the state board of medical examiners; (22) to pass an examination given by the state board of medical examiners; (23) to pass an examination given by the state board of medical examiners; (24) to pass an examination given by the state board of medical examiners; (25) to pass an examination given by the state board of medical examiners; DOINGS IN THE COURTS.

An Amended Petition in the Aborn Mandamus Case.

The Writ Made Entreatable To-morrow—Civil Actions Before Judge Shattuck—Sheriff Kelly's New Bond—Legal Gleanings.

Attorney O. F. Paxton, counsel for Dr. E. S. Aborn, yesterday filed, in department No. 2 of the state circuit court, an amended petition for a writ of mandamus, compelling the state medical examiner to practice medicine and surgery in the state of Oregon. The amended petition is more specific than the original one and advances further reasons why a certificate should be issued.

Providing the bond does not take action on the application of Dr. Aborn before to-morrow, the same will again be argued before Judge Stearns to-morrow afternoon.

There is a probability, though, that some action will be taken in regard to the amended petition.

The defense board will find his diploma satisfactory, or else they will refuse to blank to issue the certificate entitling him to practice. In the latter alternative, the court will have to decide the merits of Dr. Aborn's diploma.

THE COST OF BUILDING MATERIAL.

The following civil actions for recovering moneys due for lumber and building material, were begun in Judge Shattuck's court yesterday:

Wesley Jackson et al. vs. Anne Kleggenburg et al.

John E. Duhay et al. vs. James

Fraley and John R. Woods; to recover \$22.20

for lumber.

John E. Duhay et al. vs. John E.

Woods; to recover \$1.60, balance due on account

for building material.

EDWARD SCHNEIDER.

It is now the month of March, and upon the responsibilities of custodian of the county's

sheriff, Kelly yesterday filed an additional

of \$400,000, the amount demanded by the

for drawing plans and specifications for a

house, this house is located on Thirteenth and S

streets, and only \$60 of the \$22.20, the original

of the plan, is due.

EDWARD SCHNEIDER.

Wesley Jackson, a subject of Norway and Sweden, yesterday filed a complaint of intention of becoming a citizen of the United States with the clerk of the county court. He was recommended by the ruler of the city of Fjords, and

and a judge of the court of Uncle Sam.
